Cyber Shield for Critical Infrastructure

Vibicom Communications Inc.

Cyber Security

1 Cyber Shield Overlay for Operational WAN

Your Benefits:

- Vibicom Security gateways for remote sites isolate industrial control systems (ICSs)/automation devices from attack vectors on management and SCADA planes:
  - Cyber Shield for management traffic (NERC CIP Intermediate System)
  - Cyber Shield for SCADA traffic
- Upgrades existing operational technology (OT) networks with Intermediate System for secure remote and local access, SCADA-aware firewall, Intrusion Prevention System functionality, man-in-the-middle attack prevention, encryption, device connection control, event logger, and anomaly detection
- Fits any OT network architecture and ICS/SCADA device connectivity (serial or TCP)
- The most comprehensive and cost-effective solution on the market simplifies multi-box alternatives
- Ideal for the utilities, transportation and government markets

Products Included in this Solution:

VB-101
SCADA Secure Router

VB-SGW
Security Gateway

Management and Domain Orchestration

Cyber Shield for Critical Infrastructure

Vibicom Communications Inc.

Cyber Security

2 Cyber Shield for Industrial IoT Backhaul

Your Benefits:

- Ideal for the utilities, transportation and government markets
- Vibicom Security gateways for remote sites isolate industrial control systems (ICSs)/automation devices from attack vectors on management and SCADA planes
- Greenfield communications/security solution for sites connected via public cellular networks, with Intermediate System for secure remote and local access, SCADA-aware firewall, Intrusion Prevention System functionality, man-in-the-middle attack prevention, encryption, device connection control, event logger, and anomaly detection
- Fits any ICS/SCADA device connectivity (serial or TCP)
- Automated PKI solution for remote sites with dynamic IP address allocated from cellular APN
- The most comprehensive and cost-effective solution in the market simplifies multi-box alternatives

Products Included in this Solution:

VB-101
SCADA Secure Router

VB-SGW
Security Gateway
